Available in 10/3, 107 and Spanish Tile profiles

10/3 Profile

107 Profile

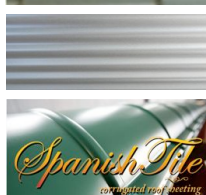

Spanish Tile Profile

in 12 Colorbond® Colours [24 & 25 gauge]

+ Zinalume®
[24, 25 & 26 gauge]

All with matching
Ridge Caps & Flashing

K-Style Aluminium Guttering, Fittings & Accessories

The k-style gutter system carries a comprehensive selection of accessories, with the unique CastleClad Finish. It resists dirt adhesion and is moisture resistant.

Bat Proofing Strips

Dramatically reduces under-sheet roof penetration by insects, bats and rodents. Available in all profiles - 10/3, 107 & Spanish Tile and Universal Bat Strips, for under-sheet or under ridge cap use, sheet wide.

Sealant Tape

High adhesion double sided tape. When applied appropriately, maintains the integrity of roofing sheet edges, reducing lift due to sustained high winds and undersheet penetration by the elements.

Available in: 3/4" [19mm] wide rolls, 45 feet [13.9m] long.

Roofing Screws

Our Roofing Screws are made from Carbon Steel giving superior strength. The unique unthreaded upper section of the screw reduces the effects of oxidization on the area not embedded in rafters or purlins.

The washer is made from a much more durable rubber than neopren, reducing early deterioration and breakage.

Available in:
Matching colours: 25mm [1"] 14 gauge | 62mm [2 1/2"] 9 gauge
Unpainted: 25mm [1"] 14 gauge | 62mm [2 1/2"] 9 gauge

Ply-Foil Roofing Insulation

Ply-Foil is a multilayer, reflective insulation which comes in rolls for use in both specialty and standard construction projects. Two outer layers of metalized film reflect 96% of the radiant heat. Each layer of film is bonded to a tough layer of polyethylene for strength. The inner layers of bubblepack resist conductive heat flow while a center layer of polyethylene gives Ply-Foil additional strength.

Available in: 5' wide rolls, 75 feet long.

PRODUCTS & SPECIFICATIONS

We offer a comprehensive range of high quality fabricated steel products for the construction industry.

Mild & High Tensile Steel Re-bars

Mild Steel Rods
1/4" [6mm] | 3/8" [10mm] | 1/2" [12mm] | 5/8" [16mm]
Corrugated Steel Re-Bar
3/8" [10mm] | 1/2" [12mm] | 5/8" [16mm] | 3/4" [19mm] | 1" [25mm] @ 19'6" [6m] lengths

Welded Mesh

- Specification A98 16" X 8.5" X 6" square [5mm]
- Specification A142 16" X 8.5" X 6" square [6mm]
- Specification A193 16" X 8.5" X 6" square [7mm]

Galvanized & Wire Nails

Galvanized Nails:
1" | 1 1/2" | 2" | 2 1/2" | 3" | 4" | 6"
Wire Nails:
1" | 1 1/2" | 2" | 2 1/2" | 3" | 4" | 6"
All available in Head or Headless configuration

Galvanized Chainlink Fencing Wire
4', 5' & 6' wide rolls | 2.65mm gauge | 75' length

Barbed Wire
12.5 gauge | 600ft. rolls

Wheelbarrows

- steel reinforced metal pan [3 cubic feet]
- steel frame
- hard rubber or pneumatic wheel

Galvanized Watertanks
200 gallons | 4' x 2' x 4'
400 gallons | 4' x 4' x 4'
600 gallons | 4' x 6' x 4'
800 gallons | 4' x 8' x 4'
or custom built to your specifications

Custom Fabrication

We also undertake other custom metal fabrication. Please giving a description and specifications for the work to be undertaken, to receive a quotation. Use our online contact and order form:
