East Caribbean Metals Industries Limited

The Steel of The Region

The Steel of The Region

East Caribbean Metals Industries Limited and its subsidiary ECPIL have been active for the last forty-one years, beginning production in May 1979.

The company employs a staff of seventy-five.

Our current markets are:

Saint Kitts and Nevis, Antigua, Dominica, Saint Lucia, Grenada, Montserrat, St. Maarten, British Virgin Islands, Saint Thomas and Saint Vincent and the Grenadines.

ECMIL, located in St. Vincent and The Grenadines, manufactures and supplies the Caribbean Region with top quality metal products, made to international specifications.

Our Mission

is the manufacture and reliable, timely supply of trusted, international quality steel products, with consistent and efficient customer support, to enhance the long term value of the markets we serve.

Ordering

ECMIL products can be easily purchased through our efficient and reliable export department, or at numerous hardware and builders' supply outlets throughout the region.

ecmil.net

The most convenient way to select the right products for your building project, with our detailed product profiles and convenient online ordering.

Shipping

Our excellent shipping facilities enable us to send containers, flat racks and break bulk orders direct from our factory in Campden Park Industrial Estate, St. Vincent.

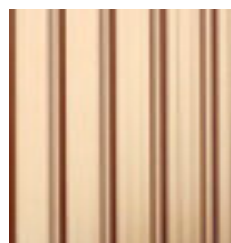

Corrugated Colorbond® & Zinalume® Roof Sheets

Available in 103, 107
or Spanish Tile Profiles

in 13 Colorbond® Colours [24 & 25 gauge] & Zinalume® [24, 25 & 26 gauge]

10/3 Profile

107 Profile

Spanish Tile Profile

Copper Penny

Pale Terracotta

Aquamarine

Manor Red

Alpine White

Torres Blue

Monica Red

Teal

Merino

Imperial Orange

Blue Brook

Pale Eucalypt

Woodland Grey

Zinalume®

All with matching Ridge Caps and Flashing

Please note:

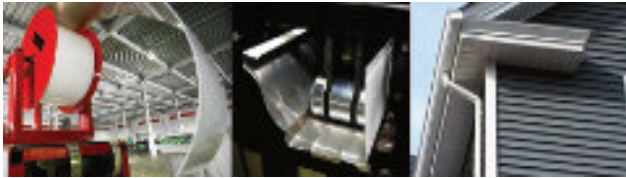

Overall sheet width is 32" [81.28cm]
Sheet overlap is 2" [5.08cm]
Calculate sheet width as 30" [76.2cm]

ECMIL

The Steel of The Region

Aluminium Guttering & Roofing Accessories

K-Style Aluminium Guttering, Fittings & Accessories

The K-Style gutter System carries a comprehensive selection of accessories, with the unique CastleClad® finish, which resists dirt adhesion and is moisture resistant.

Bat Proofing Strips

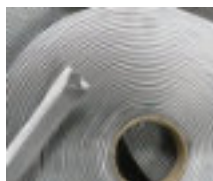

Dramatically reduce under-sheet roof penetration by insects, bats and rodents.

Available in all profiles (10/3, 107 & Spanish Tile) and Universal Bat Strips, for under-sheet or under ridge cap use, sheet wide.

Sealant Tape

High adhesion double sided tape. When applied appropriately, maintains the integrity of roofing sheet edges, reducing lift due to sustained high winds and under sheet penetration by the elements.

Available in: 3/4" [19mm] wide rolls, 45 feet [13.9m] long.

Roofing Screws

Our roofing screws are made from Carbon Steel giving superior strength. The unique unthreaded upper section of the screw reduces the effects of oxidization on the area not embedded in rafters or purlins.

The washer is made from much more durable rubber than neoprene, reducing early deterioration and breakage.

Available in matching colours or unpainted:
25mm [1"] 14 gauge | 62mm [2.5"] 9 gauge

Ply-foil Roofing Insulation

Ply-foil is a multilayer, reflective insulation, in rolls for use in both speciality and standard construction projects.

Two outer layers of metalised film reflect 96% of radiant heat. Each layer of film is bonded to a tough layer of polyethylene for strength.

The inner layers of bubble-pack resist conductive heat flow, while a centre layer of polyethylene gives Ply-Foil additional strength.

Available in: 5' wide rolls, 75' long. (1.5m x 22.5m)

Products of Metal Fabrication

We offer a comprehensive range of high quality fabricated steel products for the construction industry.

Mild & High Tensile Steel Re-bars

Mild Steel Rods	Corrugated Steel Re-bar
0.25" [6mm]	0.375" [10mm]
0.375" [10mm]	0.5" [12mm]
0.5" [12mm]	0.675" [16mm]
0.675" [16mm]	0.75" [19mm]
	1" [25mm]

@ 19'6" [6m] lengths

Welded Mesh

- Specification A 98 16' x 8.5" x 6" square [5mm]
4.9m x 216mm x 152mm
- Specification A142 16' x 8.5" x 6" square [6mm]
4.9m x 216mm x 152mm
- Specification A193 16' x 8.5" x 6" square [7mm]
4.9m x 216mm x 152mm

Galvanized & Wire Nails

1" | 1.5" | 2" | 2.5" | 3" | 4" | 6"
25,4mm | 38mm | 50,8mm | 63,5mm | 76,2mm | 101,6mm | 152,4mm
All available in Head or Headless configuration

Galvanized Chainlink Fencing Wire - 2.65mm gauge
4' [1.2m], 5' [1.5m] & 6' [1.8m] wide rolls | 75' [22.5m] length

Barbed Wire

12.5 gauge - 600' [182m] rolls

Wheelbarrows

- Steel reinforced metal pan - 4 ft³ [0.11m³]
- Steel frame

Galvanized Water tanks

200 gallons - 4' x 2' x 4'	900 litres - 122cm x 60.9cm x 122cm
